UNIVERSITY OF TUSCIA FOR THE RIGHT TO STUDY. UNITUS FOR TALENTS 2

ART. 2. Amount, number of grants and admission requirements

To financially support this call, the University of Tuscia makes available the entire proceeds of the "5 per 1000" awarded to the University of Tuscia in the year of publication of the same call. The ceiling made available by the University for grants, possibly supplemented with other funds if the above mentioned funds do not cover the entire amount is € 8.000,00. There are n. 16 scholarships of € 500.00 each, "Training bonus for merit" for students who have obtained a bachelor's degree in the academic year 2021/2022, reporting full marks and enrolling for the academic year 2022/2023 in one of the second level degree courses (master's degree), provided by the University of Tuscia.

Grants are awarded to the following categories of students:

- a) 70% in favour of students who have obtained a bachelor's degree from the University of Tuscia;
- b) up to 30% in favour of students who have obtained a degree in other public or private universities in Lazio, with the exception of the telematic ones.

In particular:

- n. 8 scholarships are intended for students enrolling in a second level degree with a technical-scientific focus, of which at least n. 4 for students who have obtained a bachelor's degree at the University of Tuscia and no more than n. 4 for other graduates;
- n. 8 scholarships, on the other hand, are intended for students enrolling in a second-level degree with a humanistic-social focus, always subject to at least No. 4 scholarships for students who have obtained a bachelor's degree from the University of Tuscia, and no more than n. 4 for other graduates.

If they apply for this type of support, in each of the two addresses, more than 16 applicants will be given priority to those who have reported the average throughout their studies of higher marks in the proficiency exams.

With the same average of the marks reported in the exams, the student will be preferred who has, compared to the other, a lower ISEE-U 2022 value.
