

Annex A

Principal investigator	<b>Raffaella Zucaro</b>
Curriculum	Circular, collaborative and sustainable economy
Action	GREEN
Scientific area	AGR/01
The PhD course will last	3 years
Research Topic	“Reduction of climate change impacts and promotion of sustainable development”
Summary of the research topic	The influence of climate on the various sectors of the agricultural sector is very high, so we are looking for solutions that make the system more resistant to change. The project aims to analyze the impact generated by photovoltaic systems both in environmental and economic terms.
Period in the private sector (months)	6
Research period abroad (months)	0
Language of the interview	English
Target (Research outcomes to be achieved during the PhD period)	<ul style="list-style-type: none"><li>- At least 1 scientific publication in a national or international journal</li><li>- At least 1 participation in a national or international conference</li></ul>

Principal investigator	<b>Enrico Maria Mosconi</b>
Curriculum	Circular, collaborative and sustainable economy
Action	GREEN
Scientific area	SECS/P-13
The PhD course will last	3 years
Research Topic	“Green Markets and Circular Economy for the naval, shipbuilding and ship scrapping industries”
Summary of the research topic	The issue of end-of-life management of ships and recycling of related materials is a topic of global relevance. The project aims to study and test governance practices, impacts and challenges of green markets in the end-of-life management of ships in order to bring into practice economic models that enhance the circular flow of resources and the promotion of green supply chains related to the recycling of materials.
Period in the private sector (months)	6
Research period abroad (months)	0
Language of the interview	English
Target (Research outcomes to be achieved during the PhD period)	<ul style="list-style-type: none"><li>- At least 1 scientific publication in a national or international journal</li><li>- At least 1 participation in a national or international conference</li></ul>
