## **PREAMBLE - THE ERASMUS PROGRAMME 2021-2027**

The Erasmus+ Programme contributes to the development of the European Education Area, to the development of transnational and transdisciplinary study programmes, and to innovative learning and teaching methods. It promotes employability, social inclusion, innovation and environmental sustainability in Europe and beyond, offering all students the opportunity to study or train abroad.

Through Erasmus+ mobility, students and recent graduates can, on the one hand, improve their learning performance, strengthen their employability and enhance their career prospects, and, on the other hand, increase empowerment, self-confidence and more active participation in society, as well as improve awareness of the European project and EU values.

### **Art. 1 - GENERAL INFORMATION - BLENDED INTENSIVE PROGRAMMES (BIP)**

Developed by groups of higher education institutions with an innovative pedagogical approach, BIPs provide short periods of physical mobility combined with online learning and cooperation activities, in which joint groups of students, teaching staff and administrative staff from different countries can participate to collaborate on specific tasks collectively and simultaneously.

In a Blended Intensive Programme (BIP), the virtual component is mandatory, and the use of digital technologies allows the institutions involved both to improve their capacity to implement innovative teaching and learning methods and to reach a larger number of learners, also involving students from disciplinary areas with limited mobility opportunities.

A Blended Intensive Programme (BIP) may originate from an existing programme that is renewed in its delivery methods or may be entirely new, focusing on specific topics not taught elsewhere. The innovative format of blended intensive programmes is designed for the development of transnational and transdisciplinary curricula, innovative teaching and learning methods, including online collaboration, as well as to stimulate research-based learning through a “challenge-based” approach strongly connected to the current context.

Blended Intensive Programmes must award at least 3 ECTS credits to students.

### **Art. 2 - COUNTRIES PARTICIPATING IN THE ERASMUS+ PROGRAMME**

It is possible to carry out a BIP mobility period at a partner university located in the following countries participating in the Erasmus+ Programme:

- Member States of the European Union: Austria, Belgium, Bulgaria, Cyprus, Croatia, Denmark, Estonia, Finland, France, Germany, Greece, Ireland, Latvia, Lithuania, Luxembourg, Malta, Netherlands, Poland, Portugal, Czech Republic, Romania, Slovakia, Slovenia, Spain, Sweden and Hungary;
- Countries of the European Economic Area: Iceland, Liechtenstein, Norway;

- Candidate countries for accession: Turkey, North Macedonia.

### **Art. 2.1 - Mobility to the Country of Origin**

Students with citizenship of one of the countries participating in ERASMUS+ and enrolled at the University of Tuscia are eligible for mobility to a university in their country of origin, provided that they are not already resident in that country; in any case, during the selection process, they will not be given priority. They must also obtain, before confirming acceptance of the exchange place, the authorization from the host university.

### **Art. 3 - COMPARATIVE EVALUATION PROCEDURE**

A comparative evaluation procedure is announced for the awarding of no. 4 short-term mobility grants for students regularly enrolled in master's degree programmes or doctoral schools of the University, financed by the Erasmus+ Programme, Agreement no. 2024-1-IT02-KA131-HED-000196723, for participation in the Blended Intensive Programme (BIP) entitled "EuroLeague of Life Science Summer School - Fruit crop adaptation to climate change (FRUIT ADAPT)" (BIP ID: 2024-1-FR01-KA131-HED-000212655-2).

The BIP is coordinated by Institut Agro Montpellier (France), with a physical mobility period scheduled from 22 to 26 June 2026; the deadline to confirm participation is 1 April 2026.

### **Art. 4 - IMPLEMENTATION MODALITIES**

The selected candidates will be required to participate both in the in-person training at Institut Agro Montpellier (France) and online on the following dates:

- **In person:** 22-26 June 2026 at Institut Agro Montpellier (France)
- **Online:** mid-May 2026 / mid-June 2026

Such participation will entitle students to the acquisition of CFU/ECTS credits recognizable in study plans according to the regulations of each degree programme.

### **Art. 5 - ADMISSION REQUIREMENTS**

All students may participate who are:

- regularly enrolled in bachelor's degree programmes, master's degree programmes or doctoral schools of the University consistent with the themes of the summer school;
- in possession of a self-certification/certification of English language proficiency at B2 level or higher.

#### **Art. 5.1 - Incompatibilities**

- any incoming international students benefiting from Erasmus Mundus Action 2 grants enrolled in bachelor's or master's degree programmes may not simultaneously receive the Erasmus Mundus Action 3 grant and the Erasmus contribution. For EMA2 projects that allow it, students may suspend the relevant grant if they are selected as winners of the Erasmus contribution, after having previously and mandatorily informed and obtained approval from the project coordinator.

Candidates are admitted to the selection subject to verification of the prescribed requirements. The University of Tuscia may order, at any time, with a reasoned decision, exclusion from the selection due to lack of admission requirements prescribed by this call.

### **Art. 8 - SELECTION COMMITTEE**

### **Art. 9 - EUROPEAN UNION CONTRIBUTION GRANTED TO STUDENTS IN BIP MOBILITY**

European funding for students participating in Erasmus+ study mobility for participation in a BIP is to be considered as a contribution to the additional expenses related to the stay abroad.

Students participating in a Blended Intensive Programme benefit from an **Individual Support Contribution (Erasmus+ grant) for five (5) days of in-person activities** at the partner university.

Students are granted **two (2) additional days** as a **Travel Contribution**.

#### **Art. 9.1 - Individual Support Contribution**

The Individual Support Contribution (Erasmus+ grant) for short-term mobility ("Short term") is calculated as shown in the following table:

<b>Duration of physical mobility</b>	<b>Daily contribution for short-term mobility (EU and non-EU countries)</b>
Up to the 14th day	€ 79
From the 15th to the 30th day of activity	€ 56

Candidates with fewer opportunities in short-term physical mobility receive a **one-off additional contribution for fewer opportunities**, in addition to the Erasmus+ individual contribution, as indicated in the following table:

Destination countries	Monthly integration for fewer opportunities (short-term mobility)
GROUP 1	€ 100 for short-term mobility for a period between 5 and 14 days

Students with fewer opportunities are defined as participants in one or more of the following conditions:

- with disadvantaged socio-economic conditions;
- with needs related to physical, mental or health conditions.

Students and recent graduates with disadvantaged socio-economic conditions are identified by **Director's Decree no. 180 of 28 February 2025**, which identifies for the academic year 2025/2026 students and recent graduates with disadvantaged socio-economic conditions and links economic disadvantage to an **Equivalent Economic Situation Indicator (ISEE)** equal to or lower than **€ 27,948.60**.

For the identification of students entitled to the additional individual contribution, the **ISEE and/or ISEEUP** submitted at the time of enrolment/registration for the academic year 2025/2026 will be considered.

The data must be available on the **GOMP portal** before the deadline of this Call. Otherwise, the additional contribution cannot be awarded.

For candidates with needs related to physical, mental or health conditions, a **special funding** allocated by the European Union based on **actual costs effectively incurred** is also available.

**erasmus@unitus.it**

### Art. 9.2 - Travel Contribution and GREEN Travel

The maximum travel contribution, as provided for by the Erasmus+ Programme Guide, will be calculated on the basis of unit cost scales by distance bands, as shown in the following table:

Distance bands	Green Travel - Amount	Non-Green Travel - Amount
Between 10 and 99 km	€ 56 per participant	€ 28 per participant
Between 100 and 499 km	€ 285 per participant	€ 211 per participant
Between 500 and 1999 km	€ 417 per participant	€ 309 per participant
Between 2000 and 2999 km	€ 535 per participant	€ 395 per participant
Between 3000 and 3999 km	€ 785 per participant	€ 580 per participant
Between 4000 and 7999 km	€ 1188 per participant	€ 1188 per participant
8000 km or more	€ 1735 per participant	€ 1735 per participant

**Please note:** “distance band” means the distance between the place of origin and the destination, while the “amount” covers the travel contribution both to and from the destination.

The distance must be verified exclusively using the calculation tool provided by the European Commission, available at the following web address: [http://ec.europa.eu/programmes/erasmus-plus/tools/distance\\_en.htm](http://ec.europa.eu/programmes/erasmus-plus/tools/distance_en.htm) indicating the place of origin, where the University of Tuscia is located, and the place of destination, where the host organisation is located.

Within **Action 1** provided for by the Erasmus+ Programme 2021/2027, the use of **green means of transport** is encouraged, i.e. travel modes with a low level of CO<sub>2</sub> emissions, in order to make international mobility more inclusive and sustainable.

A **“Green Travel Grant”** will therefore be awarded to those who use sustainable means of transport (such as train, car sharing, bus) to reach their destination.

The contribution will be awarded at the end of the Erasmus mobility period and will be paid following the submission of supporting documents proving the actual green travel.

Participants undertaking sustainable travel will be granted:

- a **one-off TOP UP contribution** equal to **€ 50.00**;

- a **daily allowance** corresponding to the daily amount of the monthly grant. The allowance will be granted for each green travel day (both outward and return) necessary to reach the destination, for a maximum of **4 days**.

#### **Eligible travel days**

- 2 days
- 4 days if green travel

### **Art. 10 - DISBURSEMENT OF THE GRANT**

The Erasmus+ grant will be disbursed in a **single instalment**, including both the **Individual Support Contribution** and the **Travel Contribution**.
